

TAPI-Ingredients for Success

About Us

With more than 70 years of experience and over \$1.3 Billion in annual sales, TAPI is a leading global supplier of active pharmaceutical ingredients. TAPI (Teva Active Pharmaceutical Ingredients) is a stand alone business unit of Teva Pharmaceutical Industries Limited.

TAPI offers a rich portfolio of over 250 active pharmaceutical ingredients with superior customer service, customized solid state specifications and unparalleled IP assets that protect your freedom of operation.

Our customers are leading generic pharmaceutical companies, who have found in TAPI a reliable and long-term supplier.

Research and Development

The R&D group at TAPI boasts a dedicated team of over 500 top scientists located in six development centers worldwide, specializing in the fields of chemical synthesis, fermentation, high potency, plant extract, synthetic peptides, vitamin D derivatives, prostaglandins, analytical and solid state research and development.

Our profound investment in research & development generates a steady flow of API products, enabling the timely introduction of pharmaceutical products to market. Owing to this cost conscious market, 40% of our R&D is dedicated to cost reduction through automation and efficiency, enabling our customers to remain competitive in the marketplace.

Quality

For over 70 years, quality has been the cornerstone upon which TAPI is built, enabling us to consistently deliver top quality products and services.

Our commitment to quality is evidenced every day by our compliance with current GMP standards, as well as regular inspections by the FDA, other health authorities and customers.
